

TEJAS PRAKASH PATIL

Cybersecurity | Threat Hunting | Detection & VAPT | HACK IITK CTF 2026 Winner

Buldana, Maharashtra | tppatil397@gmail.com | +91 7720841778 |  | 

EDUCATION

Rashtriya Raksha University, B.Tech in CSE with specialization in Cyber Security Aug 2023 - Present

- CGPA: 7.83

Shivsai Universal Jr. College, Buldana 2022

- 12th - Scored 83.3%

WORK EXPERIENCE

Indian Cyber Crime Coordination Centre (I4C), Ministry of Home Affairs - Cybersecurity Intern Feb 2026 – Apr 2026

- Supported threat hunting and analysis within the NCTAU team, investigating suspicious activities and emerging threats.
- Researched adversarial TTPs to strengthen threat investigations and detection analysis.
- Conducted controlled VAPT and documented findings with actionable mitigations.

Secuerium Technologies - Cybersecurity Intern (Virtual) Aug 2025 – Sep 2025

- Conducted end-to-end VAPT on Metasploitable 2, covering reconnaissance to exploitation in a lab environment.
- Identified and exploited vulnerabilities using Nmap, Metasploit, Nikto, and enum4linux.
- Configured virtual lab setups using VMware for attacker–target testing.
- Prepared a clear VAPT report with findings and mitigation steps.

TECHNICAL PROJECTS

PacketPulse – Network Traffic Monitoring & Cybersecurity Analytics Platform

 packetpulse.live

- Developed a network traffic monitoring platform to analyze packet flow, protocols, and network activity in real time.
- Implemented traffic analysis features to identify anomalous patterns and improve security visibility.
- Built interactive dashboards for analyzing network telemetry and investigating suspicious traffic behavior.

Wagon Damage Detection - AI-Powered Damage Identification System

- Developed a machine learning-based system to detect and classify railway wagon damages using image data.
- Built a web interface for real-time image upload and result visualization.
- Applied computer vision techniques to improve detection accuracy.

TripChainX – Travel Activity & Trip Chain Capture App

- Built a Flutter-based app to collect trip data for SIH mobility analytics.
- Created a web dashboard for real-time visualization and management of trip-chain data.

SIRA – Smart Medical Assistance and Healthcare Support Platform

- Designed and developed a healthcare assistance platform to help users locate nearby hospitals and medical services during emergencies.
- Implemented AI-driven symptom analysis and location-based recommendations to improve healthcare accessibility and decision-making.

SKILLS & INTERESTS

Core Skills: Threat Hunting, Threat Analysis, Network Security, VAPT, Security Monitoring, Incident Response (Basic), OSINT, CTF-based Problem Solving

Programming: Python, C++ , Bash/Shell Scripting (Basic).

Tools & Platforms: Git, GitHub, Nmap, Metasploit, Burp Suite, Wireshark, Kali Linux, Ubuntu.

Achievements

- **Winner – HACK IITK CTF 2026 (C3iHub, IIT Kanpur)** 2026
 - Secured 1st rank among 9000+ participants and 78,000+ submissions in a national-level cybersecurity competition.
 - Solved challenges in Web Security, Reverse Engineering, OSINT, and ICS domains.
 - Demonstrated strong problem-solving and real-world attack analysis skills.
- **TryHackMe Global Rank – Top 1% (2026)** for consistent performance in cybersecurity labs and challenges.
- **2nd Runner-Up – Internal Smart India Hackathon (SIH)** for developing TripChainX solution.
- **NEC IIT Bombay – Top 50 (2023 & 2024)** for entrepreneurship competition.
- Actively participated in multiple national-level CTF competitions including BlitzCTF, Phantom Flags, and KIET CTF.

Certifications

- Cisco Ethical Hacker
- Cisco Cybersecurity Essentials
- Cisco Packet Tracer (Networking Fundamentals)
- Certified Network Security Practitioner (CNSP)
- Certified Social Engineering Defense Practitioner (CSEDP)
- ISO/IEC 27001:2022 Lead Auditor
- ISO/IEC 27001:2022 Information Security Associate
- ISO/IEC 20000 IT Service Management Associate
- ISO/IEC 42001:2023 Lead Auditor (AI Governance)
- ISO/IEC 27701:2025 Lead Auditor (Privacy Information Management System)
- Advent of Cyber 2025 – TryHackMe
- Google AI Essentials

LEADERSHIP EXPERIENCE

Google Student Ambassador (Ping Network / Google Gemini Program) Dec 2025 – Present

- Represented Google programs on campus and promoted student learning initiatives.
- Participated in structured training focused on AI tools, productivity, and community building.
- Supported peer learning through workshops, knowledge sharing, and campus engagement.

Cyber Alliance Club, SITAICS-RRU - Finance Head Jan 2024 – Present

- Coordinated cybersecurity events including Pentesting, Bug Bounty, and CTF training sessions.
- Managed budgeting and logistics to ensure smooth execution of workshops and guest lectures.
- Contributed to outreach efforts, increasing event participation and community engagement.

Incubeta E-Cell, Rashtriya Raksha University - Outreach Head Sep 2023 – Present

- Led university-wide outreach campaigns engaging 700+ students across entrepreneurship events.
- Executed social media and PR strategies to boost event visibility and participation.
- Collaborated with PR/design teams to maintain consistent branding and communication.
